**We exist to transform
people's daily life with
water.**

The journey of a global brand with focus on innovation.

Alex Manoogian developed the first successful single-handle washerless ball valve faucet.

50s

80s The first pull-out faucet introduced.

Touch2O® Technology is the first to allow you to touch a faucet on and off.

In2ition® Showers deliver water where you need it the most.

10s

60s

Expanded single-handle line to bath and showers.

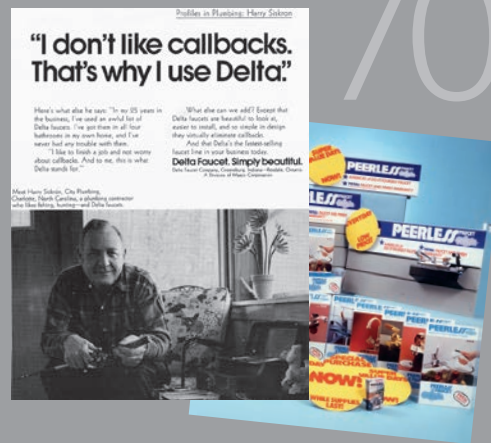

90s

MagnaDrizzle - A precision engineered showerhead that gives you the finest misty rain experience ever.

Lumicoat™ Finishes resists mineral buildup & hard water stains.

70s

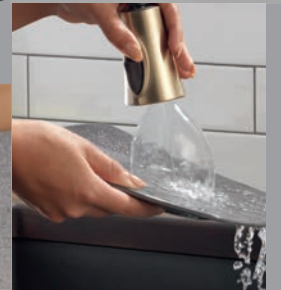

First to advertise to plumbers and consumers.

H2Okinetic® Technology changes the way water moves—and feels.

00s

Glass Rinsers powers off hard-to-reach residue in seconds.

ShieldSpray® Technology powers off the mess without making a mess.

20s

MagnaChoice® Bud - High performance push button showering system.

INTERNATIONAL PROJECTS

Our distinctive blend of brand, service and innovation has led to international success. Around the world, our faucets and accessories are produced, sold, distributed—and selected—for use in the finest, most innovative projects, to create an experience like no other.

THOUGHTFUL INNOVATION. LASTING DESIGN.

From the beginning, the Delta Faucet Company commitment to innovation has created and refined truly groundbreaking technologies, that ease and simplify the daily lives of their users.

DIAMOND SEAL® TECHNOLOGY

Reliability that lasts a lifetime.

When you combine our tough DIAMOND Valve; which has an artificial diamond coated disc; with InnoFlex® PEX waterways, you get our patented DIAMOND Seal® Technology. DST faucets deliver leak free performance (elimination of dynamic seals), lead free water and incredible durability that lasts up to 5 million cycles - 10 times the global industry standard.

LEAK-FREE

Our DIAMOND Valve features no dynamic seals and reduces the chance of leaks to near zero.

LEAD-FREE

Once inside the faucet, water only passes through PEX waterways and hence, does not come into contact with potential lead contaminants in the metal.

LONGER LASTING

Our patented DIAMOND valve is engineered to last up to five million uses.

LESS HASSLE

Includes a minimum of 32 inches of waterways, which saves the cost of additional supply lines.

DIAMOND-EMBEDDED CERAMIC DISC ELIMINATES WEAR

INTEGRATED INNOFLEX® PEX SUPPLY LINES ARE MADE TO RESIST CRACKS, KINKS AND CORROSION

TOUCH2O.XT® TECHNOLOGY

**Touch it on. Touch it off.
Or go completely hands free.**

Tap anywhere on the faucet handle, spout or body to start the water flow. Tap again to turn the flow off. If you want to go hands free, just bring your hand within 4 inches of any part of the faucet and the water turns on automatically. It then turns off within a few seconds after your hand is withdrawn.

LUMICOAT™ FINISHES

Resist water spots, stays clean longer

Delta Lumicoat Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resisting water spots and staying cleaner longer, so your faucet stays beautiful.

SWIVEL AERATOR

Water where you need it.

Redirect water up to 12° in any direction with a soft, non-splashing flow.

TRILLIAN™

BATH COLLECTION

The prismatic faceting of the Trillian™ Bath Collection is an evolution of modern style that creates an edgy look which catches the light as well as the eye.

CONCEALED CISTERN

Delta's state-of-the-art concealed flushing cistern consists of a robust, blow-molded HDPE body coupled with a durable HDPE outlet pipe and a double O-ring seal to ensure reliable, leak-free operation. The sleek 80mm profile ensures a perfect fit into any bathroom wall.

EASY INSTALLATION

- Sleek 82mm thick body with pre-assembled components for perfect and quick installation
- 10 wall mounting brackets
- Greater height adjustability up to 210 mm (in without frame cistern)

HASSLE-FREE MAINTENANCE

- Stainless Steel filter to prevent debris
- Larger opening area for easy accessibility of fill/flush valve and angle valve

LEAK PROOF

- Single piece blow molded HDPE (High Density) body with 4mm thickness
- Double O-ring seal
- Forged Brass Inlet Valve, tested up to 34.5 bar burst pressure

UNMATCHED STRENGTH

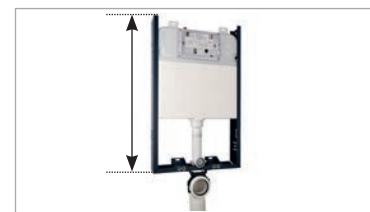

- 1.5 mm thick Powder Coated Frame to cover the complete cistern body
- Stainless Steel Rack Bolts, Sturdy Clamps with heavy-duty fastener kit
- Tested for 400 KG load

BUILD TO LAST

- Robust Mechanical flushing design tested for 2,00,000 cycles
- Powder Coated Frame to resist corrosion

Heavy Duty Outlet Pipe
More durable HDPE outlet pipe

Wide Frame Coverage
Heavy duty Single Piece Metal Frame cover full body of the concealed cistern

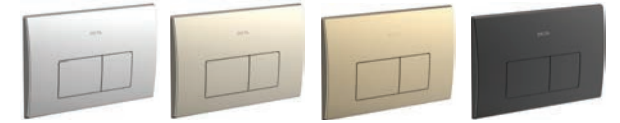

Rack Bolt
Stainless Steel Rack Bolt for better hold and strength

SHOWERS

TRANSFORM WITH WATER+

Beyond the amazing physical attributes to clean any surface it touches, water has always been revered as an element that restores from within. Something we experience every day from our showers and faucets as our stress trickles down and out.

Our designs, technologies and finishes transform how you interact with water; bringing joy, calmness, pleasure and of course cleansing, with every drop, every splash.

THOUGHTFUL INNOVATION. LASTING DESIGN.

More than ever now, we're rediscovering the space we call home and the impact it has on our daily lives.

Discover kitchen, bath and showering innovations from Delta that create lasting change in your everyday spaces.

H₂OKINETIC[®] TECHNOLOGY

The feeling of more water without using more water.

Delta H₂Okinetic[®] Technology sculpts water into a unique wave pattern that delivers more warmth, intensity, and coverage—while using less water than a standard shower.

HYDRACHOICE[®] BODY SPRAY SYSTEM

Experience the next generation custom showering.

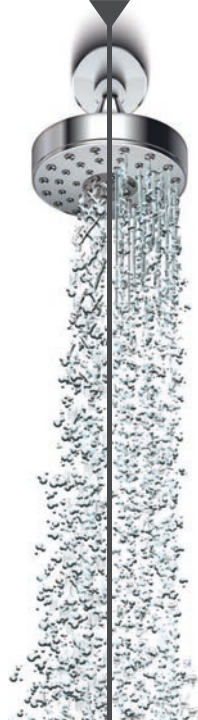

The body sprays don't pop out until you pop in the shower. They're part of our HydraChoice[®] Body Spray System, which lets you adjust the angle of the spray by 50° in any direction. This adjustability lets you customize your shower experience for exactly where you want it.

H₂OKINETIC POWERDRENCH[®]

Concentrated and powerful water patterns create a refreshing and invigorating experience. It adds more intensity, immersion and warmth to every single shower.

SPRAY OPTIONS

H₂OKINETIC ULTRASOAK[™]

Saturating water patterns create a peaceful experience by mimicking the sensation of a dense, natural rainfall. The perfect choice to prepare for, or melt away, any kind of day.

The invigorating, focused spray wakes up your skin for a total body revitalization.

The full immersion spray relaxes your body and turns your shower into a serene retreat.

Intense Invigorating Spray vs Standard Shower

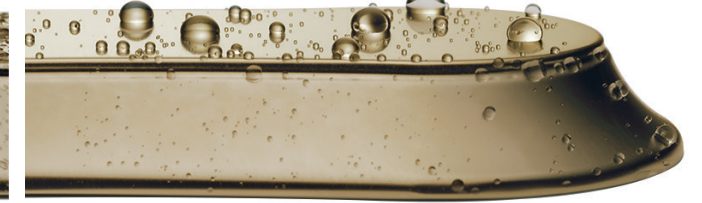

Dense Natural Rainfall Spray vs Standard Shower

Spray creates powerful water patterns, for an energizing experience.

Spray creates saturating water patterns, for a relaxing experience.

Without Lumicoat[™] Finish

With Lumicoat[™] Finish

LUMICOAT[™] FINISHES

Resist water spots, stays clean longer

Delta Lumicoat Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resisting water spots and staying cleaner longer, so your faucet stays beautiful.

*Coverage measured in accordance with EPA WaterSense[®] Specification for shower heads, March 4, 2010.

IN2ITION®

Two-in-one shower

The In2ition Shower features a detachable handshower, which can run separately from or simultaneously with the showerhead, giving you the warmth and flexibility of two streams of water at once.

WATER WHERE YOU NEED IT MOST

LED PENDANT RAINCAN SHOWERHEAD

The centerpiece of any shower.

Delta LED Pendant Raincan Showerhead establish distinctive appeal in your space, blending cultivated designs with modern technologies.

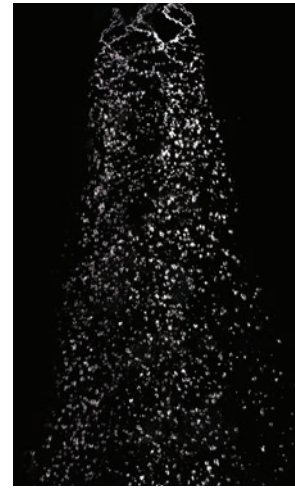

LUXURIOUSLY PERSONALIZED

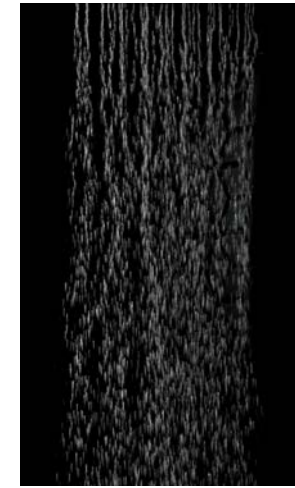

Our range of shower head and hand shower spray patterns provides you with the exact shower experience you're looking for. To identify spray settings on products in the bath and shower sections, look for these descriptions.

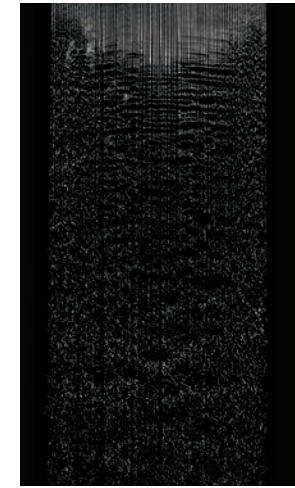

SPRAY PATTERNS

H₂Okinetic® PowerDrench® Spray (H₂O)
Large drops and dense, wide spray pattern create a blanket of water.

H₂Okinetic® UltraSoak™ Spray (H₂O)
Mimics dense rainfall for intense saturation.

Drizzle Spray (DS)
Finest misty rain experience ever.

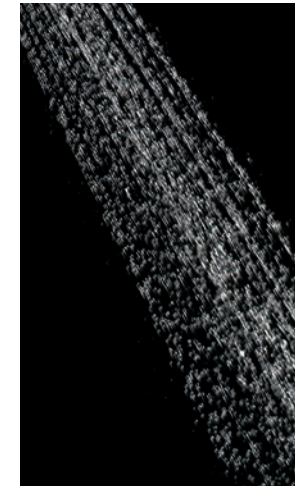

Cascade Flow (CAS)
Gentle, cascading streams of water.

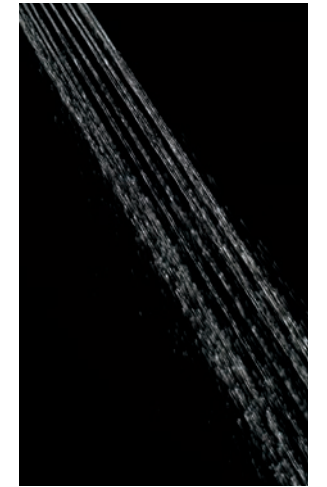

Soft Rain Spray (SRS)
Gentle fall of water that feels like a soft, spring rain.

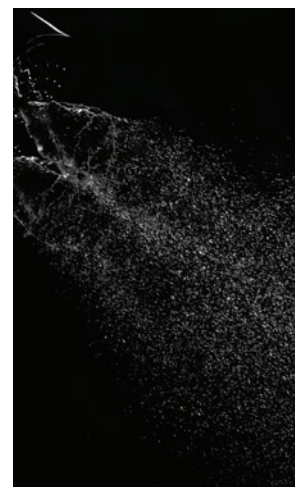

Full Body Spray (FB)
Consistent pressure from all spray holes.

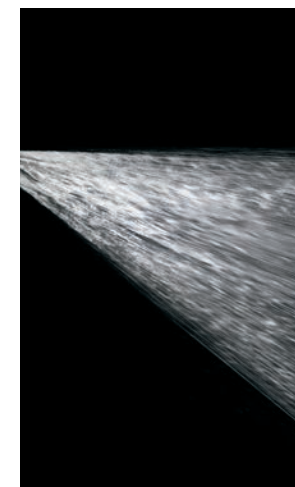

Full Spray with Massage (FSM)
Consistent pressure from outside spray holes, plus soothing, pulsating spray.

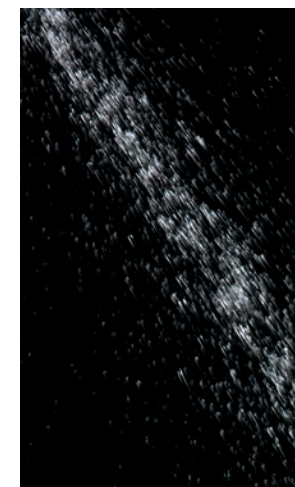

Shampoo Rinsing Spray (SR)
Strong, full body spray.

Mist Spray (MS)
A whisper soft spray to soothe and refresh tired skin.

ProClean™ Spray (PS)
Powerful, high-pressure wide fan spray washes hard-to-reach places.

Fast Massage (FM)
Strong, pulsating spray.

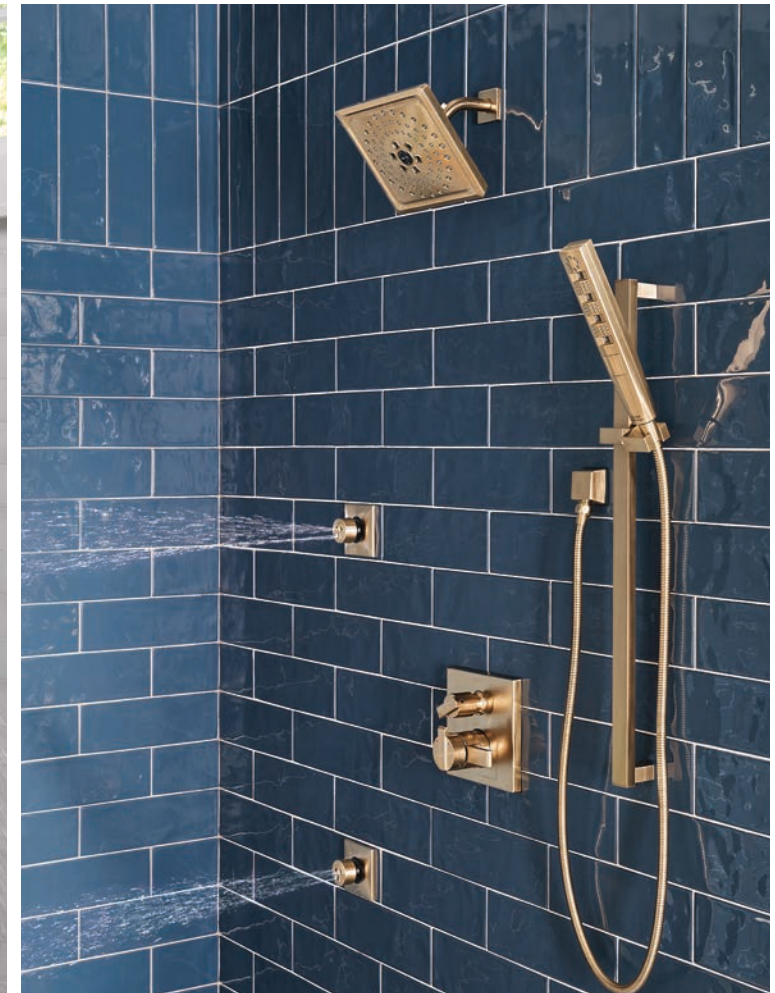

Pause (P)
Reduces water flow to a trickle.

CUSTOM SHOWERING

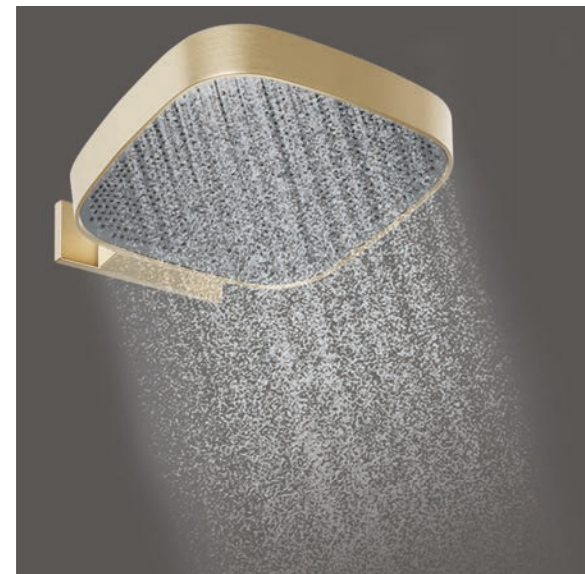

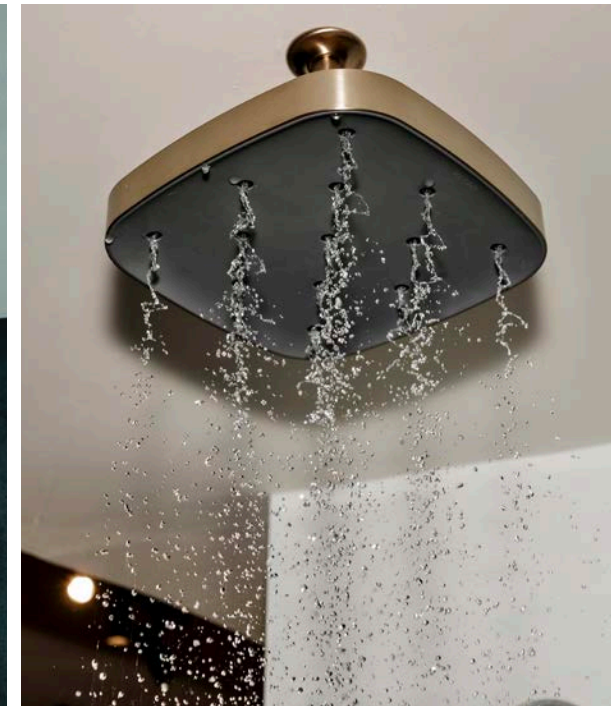

MAKE IT MORE
THAN A SHOWER.
MAKE IT A REFUGE.

WHAT KIND OF EXPERIENCE ARE YOU SEEKING?

Yes, creating a custom shower starts with a vision. An idea of wanting something more than the everyday routine. To help you move beyond a general notion and begin making progress, it's best to stop and ask—what exactly do you have in mind?

Different showers and components deliver different experiences. By thinking through some fundamental considerations, you can start to focus on the right combination of elements to create that shower designed just for you.

MAGNA SHOWERING

The complete high-performance showering platform

MagnaFlow[®]

Built around Delta's proprietary H₂Okinetic[®] Technology, an immersive rainshower and the deluge of specially designed cascade flows, MagnaFlow[®] offers unique and pure water experiences.

MagnaFlow[®] Bud

Brings you the unique, pure water experience of MagnaFlow[®] in a compact-size shower head.

MagnaDrizzle

A precision engineered showerhead that gives you the finest misty rain experience ever.

MagnaChoice[®]

MagnaChoice[®] is a super flexible, high performance push-button showering system.

MagnaChoice[®] Bud

High performance of the MagnaChoice[®] push-button showering system in a sleek compact size.

MagnaSpin

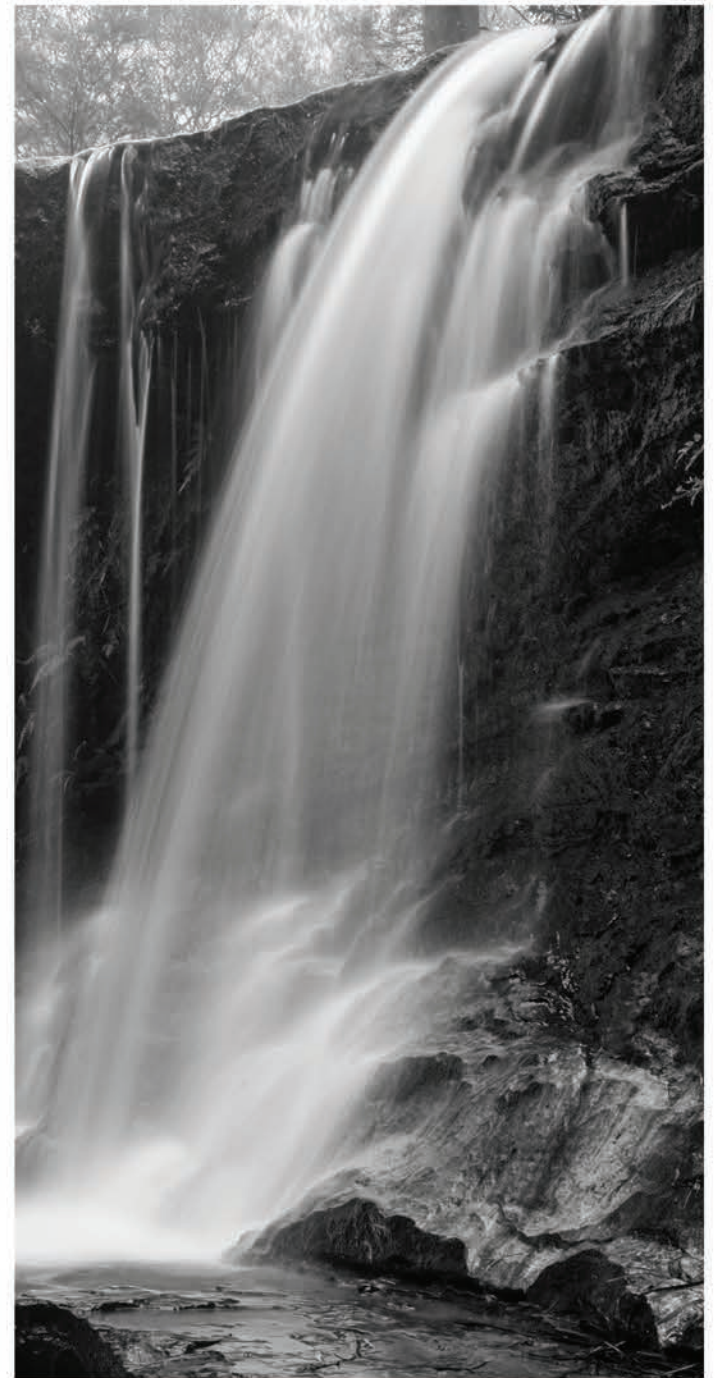

Balances form and function while delivering exceptional precision and quality.

Every experience with water touches an emotion inside,
making us come back to it again and again.

PURE INDULGENCE

MagnaFlow®

Built around Delta's proprietary H₂Okinetic® engine, an immersive rain curtain and the deluge of specially designed cascade flows, MagnaFlow® offers unique and pure water experiences.

UNIQUE AND PURE WATER EXPERIENCES

Cascade Flow

Experience the deluge of gently cascading streams of water, which stimulate your senses and revive that powerful spirit within you.

H₂Okinetic® Technology

Discover a showering experience unlike any other. Delta's proprietary H₂Okinetic® Technology offers more coverage and more intensity without using more water.

Rain Shower

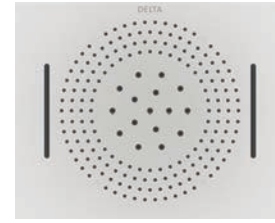

Experience the sensation of gentle summer rain, where larger, fuller droplets surround you, immersing your body, mind and soul.

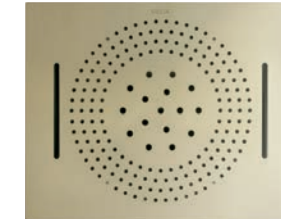

Rain and H₂Okinetic®

Explore the unique combination of rain shower and H₂Okinetic® Technology working in sync. The interplay of intense and soothing sprays delivers an experience that is every bit as exhilarating as it is relaxing.

KITCHEN FAUCETS

THOUGHTFUL INNOVATION. LASTING DESIGN.

We don't just fill pots. We fill needs.

Whether we're designing a new product style or a new technology, our goal is the same; to make a real difference in the lives of those who welcome us into their kitchens.

LUMICOAT™ FINISHES

Resist water spots, stays clean longer.

Delta Lumicoat Finishes easily wipe clean without the need for cleaners or chemicals and resist mineral buildup and hard water stains. The ultra-sleek surface repels liquids, resisting water spots and staying cleaner longer, so your faucet stays beautiful.

SHIELDSPRAY® TECHNOLOGY

Power off the mess without making a mess.

A concentrated jet cleans with laser-like precision and powers away stubborn messes while a rotating protective shield of water contains splatter - up to 90% less splatter than a standard spray. So, you can spend less time soaking, scrubbing and shirt swapping.

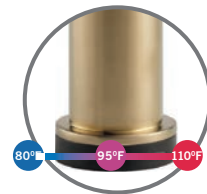

TOUCH2O® TECHNOLOGY

Touch it on. Touch it off.

Touch2O Technology lets users activate the flow of water with a simple touch anywhere on the spout or the handle...so whether you have two full hands or ten messy fingers, your faucet remains clean.

Tempense LED Light changes color as water temperature changes

MULTIFLOW TECHNOLOGY

Flow faster. Fill faster.

With a simple touch of the toggle, MultiFlow Technology allows you to switch between Soft Stream, Powerful Spray and ShieldSpray with a backflow protection.

DIAMOND SEAL® TECHNOLOGY

Reliability that lasts a lifetime.

When you combine our tough DIAMOND Valve; which has an artificial diamond coated disc; with InnoFlex® PEX waterways, you get our patented DIAMOND Seal® Technology. DST faucets deliver leak free performance (elimination of dynamic seals), lead free water and incredible durability that lasts up to 5 million cycles - 10 times the global industry standard.

PULL DOWN KITCHEN FAUCET

Flexibility that lasts a lifetime.

Delta pull-down kitchen faucets with a retractable hose allow you to reach every corner of kitchen sink and make everyday tasks easier, quicker.

MAGNATITE® DOCKING

Keeps pull-down spray wands securely in place.

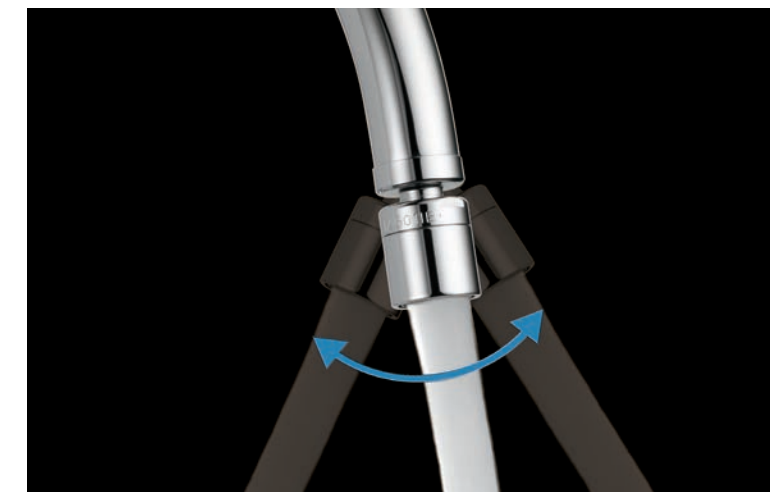

Uses a powerful integrated magnet to snap your faucet spray wand precisely into place and hold it there so it stays docked when not in use and doesn't droop over time.

FLEXIBLE FLOW SPOUT

Water where you need it.

The flexible spout tips offer adjustability of water flow in any direction – up to 40° for kitchen faucets. Now, you can direct the water flow exactly where you need it.

PULL-DOWN

KITCHEN FAUCETS

Delta pull-down kitchen faucets with a retractable hose and a multi-flow spray wand allows you to reach every corner of kitchen sink and make everyday tasks easier, quicker. Available in a variety of styles and finishes that complement any type of kitchen décor.

GLASS RINSER

The Delta® Glass Rinser powers off hard-to-reach residue in seconds with high-pressure water jets that reach where you can't. Its sleek, low-profile design allows it to be paired seamlessly with any kitchen sink configuration.
