LUXURY HARDWARE
FITTINGS
15/8/2023

Painting by Hitesh Kanakia

All of our designs are handcrafted by skilled artisans who have mastered the skill of brass casting.

After production, they are finished with electro flouric plating which makes the product last longer. Re-finishing of product is also possible.

ABOUT FAB PRODUCTS

Welcome to Fab Products, a leading provider of architectural hardware products that add a touch of elegance and sophistication to spaces. With an extensive range of exquisite brass handles, knobs, tiles, idols, brackets, khutti, conceal handles, and more, fab products offers a wide variety of options to enhance the beauty and functionality of interiors.

Fab Products was founded by Mr. Kumar in 1996 with a vision to provide top-quality architectural hardware solutions to customers. What began as a modest venture operating in a 200 sq.ft area has now blossomed into a thriving business, celebrating its silver jubilee. Today, the headquarters boasts a spacious 2000 sq.ft office, serving as the hub of operations and a testament to Fab's growth and success.

From humble beginnings, Fab Products has come a long way. The company started with just six products, but thanks to a commitment to innovation and customer satisfaction, there is now a comprehensive catalog of over 1000 products. Each item is carefully hand-crafted by our skilled artisans with attention to detail, reflecting the beauty of traditional designs combined with contemporary functionality.

Ensuring durability and longevity, Fab Products maintains an in-house manufacturing unit and rigorous quality control measures. With an exceptional range of architectural hardware, we aim to fulfill design needs and elevate spaces into works of art.

INDEX

01		Carving Brass Handle	01 to 08
02		Carving Knobs & Latkan	09 to 14
03		Brass Handle	15 to 19
