HOME DECOR

Create visual interest in your favourite corner with our extensive collection of designer vases, innovative sculptures, and artistic paintings. Or customise a home that is a cocktail of colours, complementing accessories and impressive designs with our signature pieces.

MIDAS TOUCH

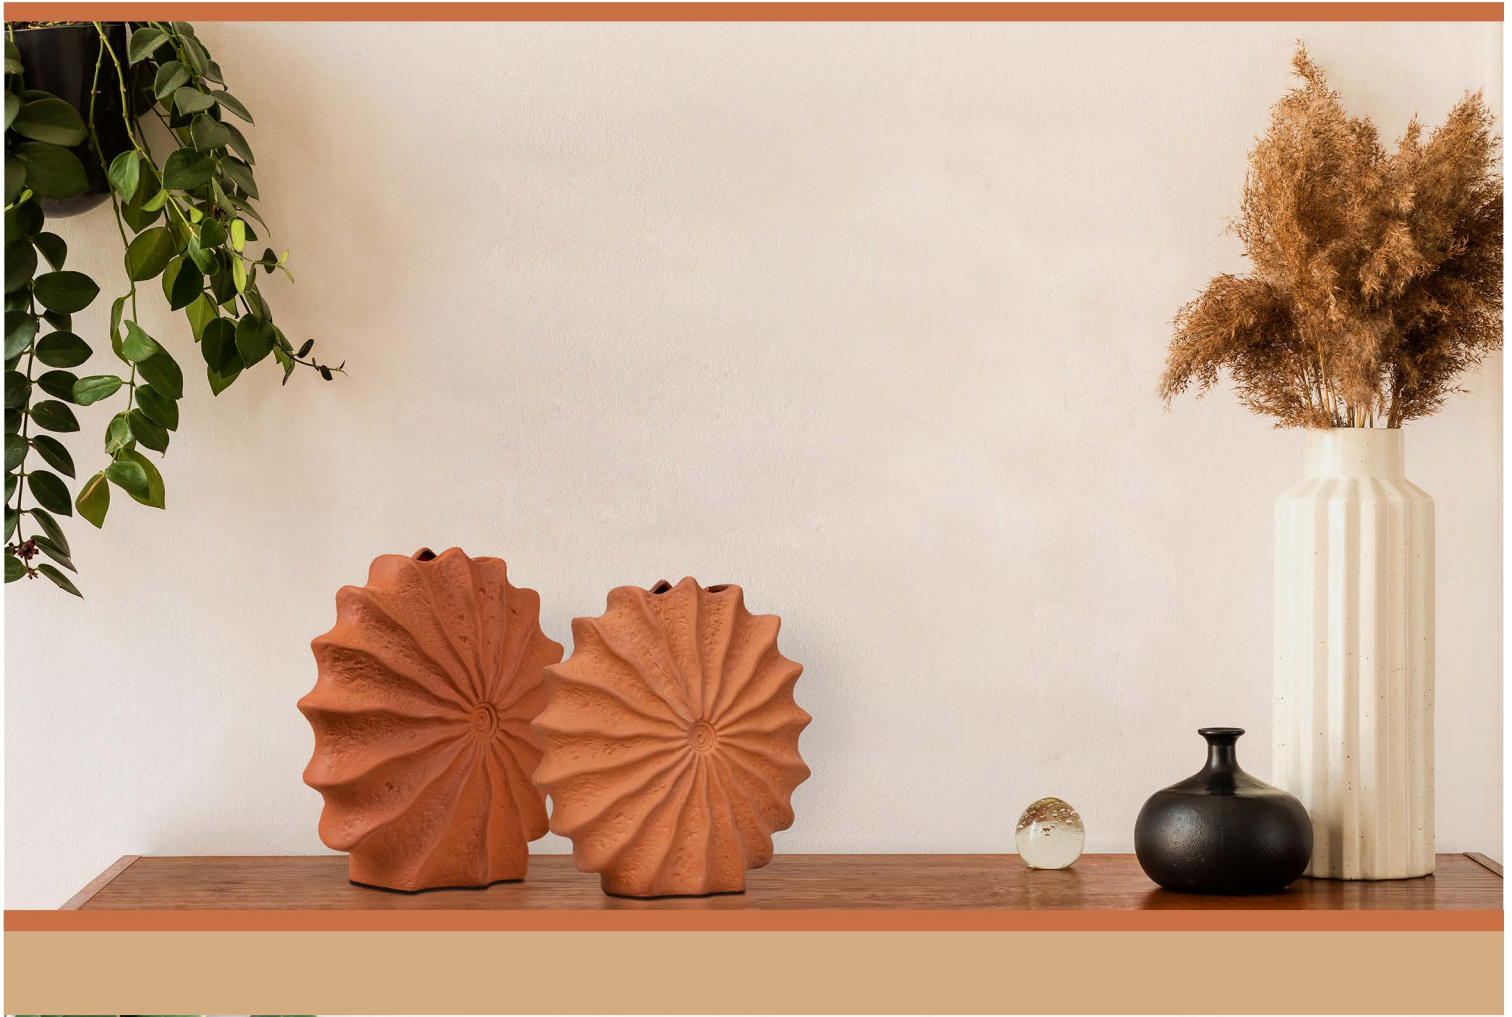

Embrace the enduring shine of gold with our range of sculptures, artifacts, serveware and more. Borrowing inspiration from neoclassical and art deco periods, our range of human figurines and geometric artifacts in rich gold finish capture the cheer of celebrations and solemn occasions. Minimal design lovers can opt for gold accents in trays and candle holders to introduce this sensational palette to their home bar or bathspace countertops.

ESSENCE OF EARTH

Coordinate your wooden shelves and glass wall units with materials, glazes and textures from the natural world. Introduce the elegance of ceramic, the earthiness of leather or cocooning comfort of terracotta finish with our range of earthy home decor. Our sculptures and vases are crafted in ceramic, while the serveware and tissue boxes boast the durability of leather. Discover a motley of choices in our range

MINIMALIST

Celebrate the beauty of less with our minimal pieces that provoke a sense of calmness with their clean lines, geometric shapes, simple glazes, and more. Filling the vertical space with their height our tall sculptures and vases anchor your entryway while the monochromatic candle holders blend in any outdoor setting. Allow each curated piece to shine in its simplicity while introducing a sense of order with our range of minimalist decors.

EUROPEAN HOLIDAY

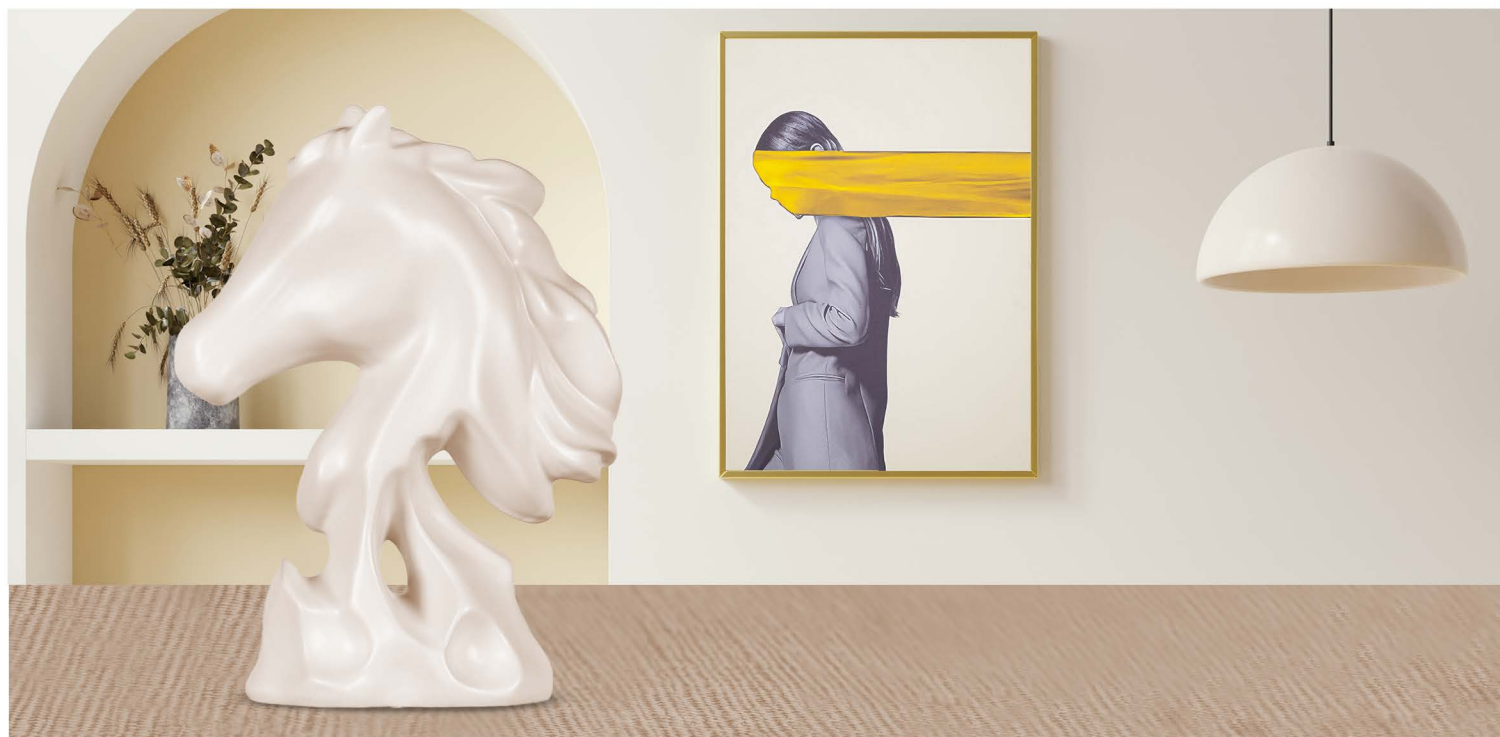

Storytelling was an integral part of Greek and Roman sculptures, vases and artifacts. Taking a leaf from this tradition, our range of home decor marries a romantic past with modern sensibilities. Our artsy European range is a tale written in golden accent, mythical figurines, symbolic motifs and long-lasting materials. Ground your space in style with designs that are inspired by your holiday destinations with our range of home decor.

TROPICAL PARADISE

Introduce a splash of colour and quirky character to a modestly decorated entryway with our cheerful decor. Our nature-inspired pieces make any tabletop chic and inviting. Embodying 'big things come in small packages,' these are a fascinating motley of leaf-engraved novelty vases, wildlife art pieces, biophilic wall paintings and more. Travel back to your bedtime stories or those relaxing strolls in the garden with our range.

OUR HOME DECOR RANGE

Sculpture & Artifacts

Our extensive collection of thoughtfully-designed sculptures and artifacts is made to reflect your personal tastes. Available in human figurines, abstract pieces, geometric designs and more, style your favourite corner with our range.

Vases

Make your entryway or bedside table welcoming by planting your seasonal blooms in our designer vases. Crafted in a range of long-lasting materials, including ceramic, resin and glass, our collection of vases is designed to suit every setting and interior.

Wall Paintings

Our masterful range of wall paintings is colourful, creative and charismatic in appeal. The floral series unites femininity and elegance for a graceful corner, while the abstract collection makes for a brilliant addition to a thoughtfully-curated corner.

Candle holders & Lamps

Accessorise your tabletops or mantelpieces with our candle holders and scented candle range. The masterful making in ceramic, marble, glass and jute ensures that your space is always fragrant while never lacking in style.

Trays & Serveware

Our trays and serveware range combines form and functionality to elevate your experience. Make your home bar an entertaining space by picking our quirky animal figurine trays or choose our simple yet stylish rectangular trays for a clutter-free bathspace counter.

Tissue & Decorative Boxes

Our decorative boxes are stylish pieces crafted in the sturdiness of wood to keep your desks and tabletops tidy. And the tissue boxes can be an excellent companion to those binge-worthy nights with your partner.

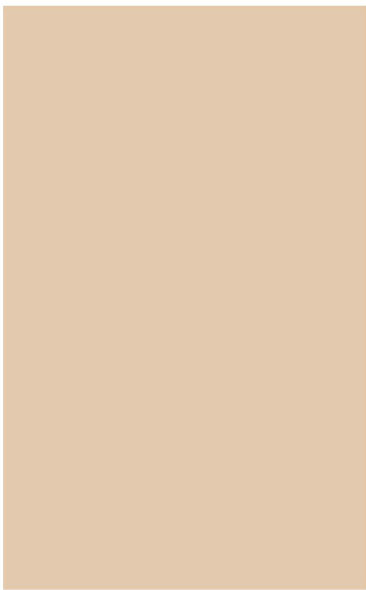

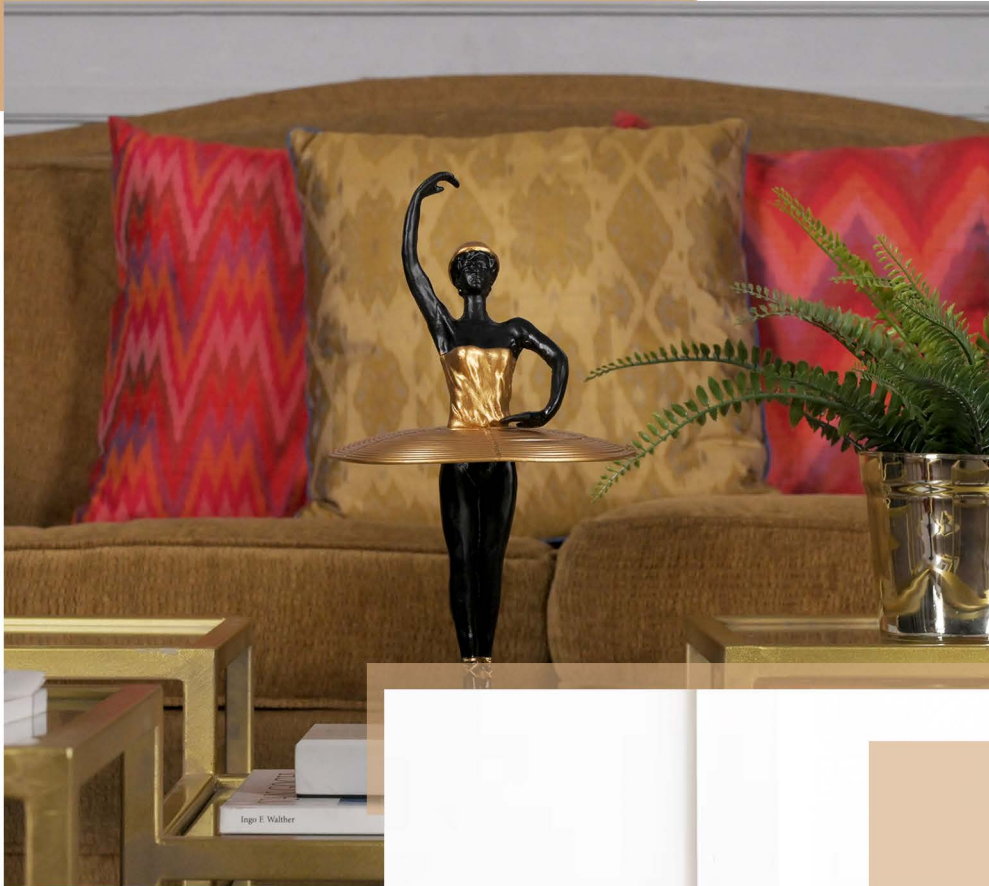

Wall Decor

Complete your walls with our impressive wall decor that brings together the impressive metal-making and charming colours. Our wall clocks unite the beauty of art with the functionality of a clock, whereas our wall arts create a bold style statement.

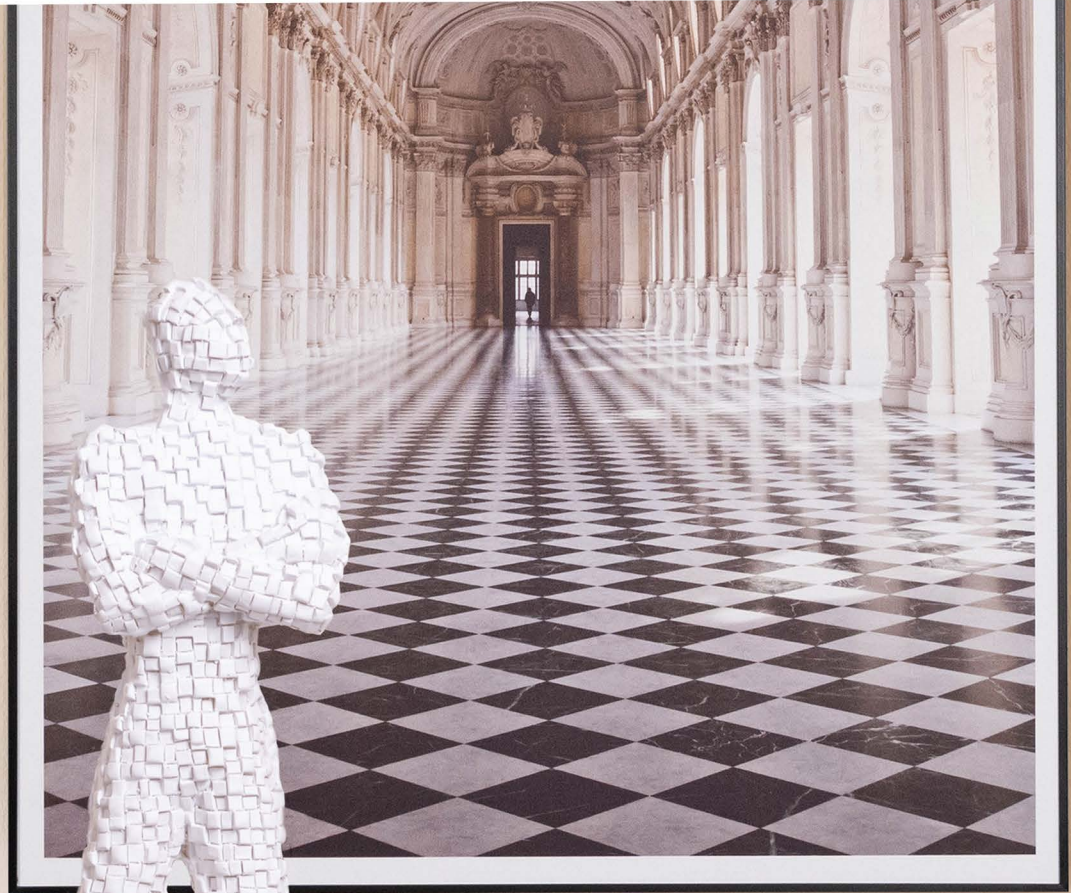

SCULPTURES AND ARTIFACTS

Our sculptures and artifacts feature an eclectic selection of human figurines, wildlife caricatures, abstract pieces and more. Rendering the human frame with natural realism the sculptures convey a sense of expression while the caricatures evoke movement with their posture, making them a must-have for dining sideboards or stairway decor. Or let your individual style shine with abstract pieces that are rare, playful and head-turning.
