Hot Water with upto 40%  
Power Saving.**

# An energy efficient addition to your home

## Driven by Pure Performance

A gift from the Himalayas, the Zānskar River is a source of life, and a symbol of purity and never ebbing energy. That's the stuff we're made of – **Pure Performance.**

At a time of global change, we believe that water, air and energy are integral to life and that these, can and should be made accessible to everyone, in its purest form.

We bring you a range of products and solutions for the home, which are designed in India placing highest importance on performance and customer experience.

And like the Zānskar valley, with conservation in mind, we acknowledge the beauty and fragility of the ecosystems we live in and promise to enhance ones quality of life with thoughtful products and services.

Our mission is to bring  
you Pure Performance in

CUSTOMER

INNOVATION

PRODUCT DESIGN  
AND QUALITY

# What is a tankless water heater?

Tankless water heaters as the name suggests do not have a tank hence no storage. They heat the water on demand when you turn on the tap.

Lack of water storage avoids expensive heat losses resulting in savings in energy and maximum convenience for users.

Provides unlimited supply of hot water

# Why tankless water heaters are a smart choice for your home?

Saves Power

Saves Time

Saves Space

# Why the Zanskar HotSpring™ tankless water heater?

Nickel-Chromium heating elements for efficient heating

Auto memory function

High resistance to hard water

European Certifications

International Electrotechnical Commission
